October 22, 2026

Dear Neighbor,

To maintain high-quality water service to the community of Stonegate, Stonegate Village Metropolitan District is planning to replace a water supply well that was originally drilled in 1993. The original well is located within the neighborhood at Stonebriar Park, and the new well will be within the park about 100 feet from the original. This well is part of a network of wells within the community that supply water to our customers. Stonegate Village Metropolitan District is currently going through the Douglas County review process and will have an updated timeline for construction once that process is complete.

The nature of the drilling process requires the work to be continuous until drilling and testing are completed. This is a 24-hour-a-day operation and requires the area to be illuminated for the safety of the workers. The lights will be directed down toward the construction site, and we will use 32-foot-high sound walls to minimize noise as much as possible. The 24-hour operations will last about three weeks, followed by approximately three weeks of daytime-only work. The sound walls will then be removed.

Following the drilling, a six-inch-diameter pipeline will be extended from the new well to the existing valve vault at the site. The new well will use all the existing facilities from the original well site, which include an underground valve vault, pump controls, and electrical transformers. The transformers, pump controls, and wellhead are the only items that are above ground. Once construction is completed, the remaining disturbed areas will be restored.

Community Meeting

Stonegate Village Metropolitan District will hold a community meeting on **November 10, 2026, at 6:00 p.m.** to discuss the well re-drilling project and provide an opportunity for residents to ask questions.

Location:

Community Room
10326 Stonegate Parkway
Parker, CO 80134

A map of the well location can be found on our website at <https://svmd.specialdistrict.org/>. This website will be updated with new information as it becomes available. We appreciate your cooperation throughout the duration of the project.

If you have any questions, please email Dana at dana@svmd.org.

Sincerely,
Heidi Plummer
District Manager
Stonegate Village Metropolitan District
